FIG. 6

The diagram illustrates a mechanical assembly, possibly a vehicle seat or headrest mechanism, shown in a perspective view. The assembly is enclosed within a large, irregular boundary line. Key components and their labels include:

- 10, 11, 12, 13:** The main rectangular frame or housing.
- 14, 15, 16, 17:** Corner fasteners or rivets of the main frame.
- 20, 21, 22, 23:** A secondary frame or support structure.
- 24, 25, 26, 27:** A linkage or connecting member between the two frames.
- 28, 29, 30, 31:** Additional structural members or fasteners.
- 32, 33, 34, 35:** Further structural components or fasteners.
- 36, 37, 38, 39:** Additional structural components or fasteners.
- 40, 41, 42, 43:** Additional structural components or fasteners.
- 44, 45, 46, 47:** Additional structural components or fasteners.
- 48, 49, 50, 51:** Additional structural components or fasteners.

The diagram uses solid lines for most components and dashed lines for hidden internal parts. The entire assembly is shown within a large, irregular outline representing the overall shape of the component.
